

Miami Suns Youth Development (MSYD) is happy to offer you this opportunity to become a valued and appreciated sponsor and supporter of our many youth athletic programs. MSYD is a registered 501C non-profit organization that was founded in the name of promoting youth sports and life development skills throughout South Florida. At the moment, MSYD has grown into a thriving youth athletic program with six active travel teams participating in girls' basketball. Your sponsorship could assist MSYD subsidize the cost of invaluable training that is not only provided by our elite and knowledgeable staff, but also by athletes who have played professional sports and know what it takes to become a successful athlete on and off the field of play. Moreover, your support could help MSYD with the fees for participation in highly publicized local and national tournaments and showcases, as well as with travel and equipment costs for our growing number of successful travel teams. In addition to helping South Florida youth on the court of play; your sponsorship will also go towards the educational aspects of the MSYD program, which were created to assist students in the classroom and to provide tutoring for college entrance exams; thus ensuring our athletes are not only fully prepared to play their sports, but also to ensure they are completely prepared to tackle any challenge they might encounter in a classroom. Because MSYD was founded with a goal of providing an equal opportunity for the youth of South Florida to participate in a program that can lead to collegiate opportunities through athletics; your contributions will also ensure this chance is available to anyone, regardless of their families' financial circumstances. This will allow all athletes selected to be in our program to have access to our professional athletic training as well as mentoring and instruction from current and former professional players from each sport who are not only affiliated with, but more importantly, who support our program and stand by its goals.

We are asking you to be a part of a steadily emerging program that is dedicated to giving back to the youth of South Florida. As MSYD continues to grow, so too do its individual teams and athletes. In recent years, our Miami Suns Basketball teams, which include Team Fowles and the Miami Suns Red Elite have both won their brackets at the Fila 64 National Championships in Las Vegas, Nevada. Team Fowles also won the 17U National Bracket at the Deep South Classic in Raleigh, North Carolina. Speaking towards our dedication to academic success, eleven members of our girls' basketball program earned academic scholarships, with four being named McDonald's All-American Nominees. In addition to that, five members of our boys' baseball program earned academic scholarships and overall, our teams played in seven National Tournaments that were not only televised by ESPN and other sports media outlets; but more importantly, were attended by hundreds of NCAA coaches and scouts. As we head into this new season, it is our goal to take MSYD to the next level, as we plan to field six girls' basketball teams.

Our goal of providing a travel program with professional training and educational support will give young people in our community an opportunity to compete for existing collegiate scholarships which could give them a chance to receive an education beyond high-school that can open the door to a quality and successful career of their choosing. Thank you for your interest and support of The Miami Suns Youth Development program. You will truly make a difference in the lives of young student-athletes throughout all of South Florida.

Please take a moment to review and select the package that best fits your financial budget.
